

I'll Be The First

Kill It Kid

I'll be the first, I'll be number two, I'll be the third and the
Fourth lover to you
Cos' Jordan sent me here to find you

Now I'll be the first, I'll be number two, I'll be the third and the
Fourth lover to you
Cos' Jordan sent me here to find you

Now I've got enough loving for you
I begged you from Pilate, in the dark we grew
You're breath is sweet now babe and heavy on me
And you move like water surrounding me
Cos' Jordan sent me here to find you

I found you

My blood will shiver but stir like cream
As we dance a slow murder in the sweetest of dreams
I'll be the first, I'll be number two, I'll be the third and you're
Fourth lover to you

Cos' Jordan sent me here to find you

I found you

And that's a love you can't undo
And that's a love you can't undo
When you got someone, you got someone good
Now that's a love you can't undo

And that's a love you can't undo
And that's a love you can't undo
When you got someone, when you got someone good
Now that's a love you can't undo
