

Just Friends

Kill Paradise

Hey theres this pretty pretty girl i know
the girl they sing about on radio
shes got style shes got grace
im all over the place
i gotta tell her now
you know your boyfriend you can do without
and if i ever see him ima pop him in the mouth
POW!
you know he lies, all he does is make you cry
hanging with a different girl almost every other night

Whoaa, shes on the phone, and hes been screaming at her all night long
its time to hang it up and end it right
come on its Friday night
you know your better off on your own
shes screaming whoa oh oh oh
shes dreaming whoa oh oh oh
dreaming of a weekend whoa oh oh oh
just sleeping whoa oh oh oh

hey theres this pretty pretty girl i know
he broke her heart and now shes letting go
what you two had was never love you know
so let me show you what it feels like
ill never make you cry
always kiss you goodnight
sunrise in summertime
finally have some fun tonight
im going to make you forget
all the bad things he did
baby baby we can do it right

Whoaa, shes on the phone, and hes been screaming at her all night long
its time to hang it up and end it right
come on its Friday night
you know your better off on your own
shes screaming whoa oh oh oh
shes dreaming whoa oh oh oh
dreaming of a weekend whoa oh oh oh
just sleeping whoa oh oh oh

let her on
and he promised he'd be there
she told me on the phone
let her on
never thought that he would get caught
never thought that he could get caught
now its time for all this to stop

whoaa, we're at the show and we've been hanging out all night long
she ended it she did it right, come on its Friday night
everybody's singing along
shes screaming whoa oh oh oh
shes dreaming whoa oh oh oh
dreaming of a weekend whoa oh oh oh
shes with me and whoa oh oh oh
shes screaming whoa oh oh oh

shes dreaming whoa oh oh oh
dreaming of a weekend whoa oh oh oh
shes with me and whoa oh oh oh
shes screaming whoa oh oh oh
shes dreaming whoa oh oh oh
dreaming of a weekend whoa oh oh oh
shes with me and whoa oh oh oh
shes screaming whoa oh oh oh
