

Dark Filth Water

Kill the Romance

from the sweet shelter to the unknown
a thousand times the curtain hides
once fed the lions of attention and
joined to the romantic association
ten ton stone, my friend I'm alone
on this road I walk like a shadow
decide, decieve, hard to believe
me, myself we're stuck in this drama

I...breath pain
need to clean myself, need to burn the bridges
why is that, I'm insecure
If I build back the bridges
can I feel it can I touch the
safe of this place
I don't wanna see my heroes change
when I'm done I need you again
I stabbed your back, vai se foder!

my dark filth water
make my monsters die
before I swallow the sun and
ride the ghost on my shoulders

leave the statement by the grace of your god
if dead that's good, alive goes as well
the will of the one was created by the man
the source of the greatest insanity
now I've felt it, now I've touched
the hate of this place
when I see my heroes change
then I'm gone dead sure I'm gone in the...
...portrait of the useless stalker...

my dark filth water
make my monsters die
before I swallow the sun and
ride the ghost on my shoulders
