

## My Sweetest Enemy

### Kill the Romance

I can hear the whisper still shouting at me  
Despite all the promises it won't ever vanish  
Tormentor killing my soul, eating me alive  
Instead of ignorance, should I kill 'em all

Another world of fools  
Go before it's too late  
Do as I say  
Forgive, you're now my enemy

Test me see what happens, repeat your mistake  
This poison's blinding my eyes and bleeding through ears  
I can't take this anymore, stop it  
What the fuck is this  
I think I'll end this now

I don't know how I feel today  
Should I now go or should I stay
