

# The Law

Killah Priest

[Luminati]

A wise man will hear and increase learnings  
And a man of understanding will obtain wise council  
To understand a proverb individually  
The words of the wise and the riddles  
The fear of the Lord is the beginning of knowledge  
But fools despise the wisdom and instruction  
Heed the instructions of your father  
And do not foresake the law of your mother  
For they will be graceful way beyond your head  
And chains about your neck

[Killah Priest]

Worldwide, look  
All of my pain is on the pictures in my enemy's frame  
Written in blood, my ambition is driven by thugs  
Got two glock nines and I fill them with slugs  
Call me Saint Valentine, 'cause when I kill 'em, it's love  
Say my name, Masada, life full of pain and drama  
Bloodstains and horror, here my voice out the Hell flames, I hollar  
I write with the pen of the reaper, stare in my eyes  
Look deeper, now turn into stone, it's Medusa  
Reduce your flesh into bones, prey upon your dead meat like a vulture  
Dig out your eyes, send your soul to Hell  
While your body is covered in flies  
Spazz like John the Revelator trippin off of acid  
The desperate man with a handful of Tarrots  
I'm the ghost of Mozart, possessed my arm  
The blood of Tupac drip from the pen in my palm  
Stain the paper, swirl it around, see the vision  
A thousand profits locked in prison  
Free 'em all with the rhyme, short sentence  
Unlock 'em from my brain cells, plague the Earth  
40 nights of rain and Hell, Masada, spell my name in braille

[Luminati]

He who despises the Lord will be destroyed  
But he who fears the coming will be rewarded  
The law of the wise is the foundation of life  
To turn one away from the spirits of death  
Poverty and shame will come to him who withstands correction  
But he will dodge a refutation will be honored  
He who walks with wise men will be wise  
But the companion of fools will be destroyed

[Killah Priest]

I post up in front of the world, witness my pearls  
Unleashin the masterpiece, actions twirl  
Like a twister, the riddler, picture my moment  
Filling scriptures with my niggaz  
I pour the liquor on my own, trick!  
Bullshit, until the apocalypse hit  
Laughin with the angels, just watchin the shit  
Hands out your pockets bitch, the glock'll spit  
Leave the Earth in turmoil when I'm poppin' clips  
Kill the devil, I'm the rebel lost in the streets  
My only fears is when I sleep, I'll be tossin' deep  
Or if the woman in my arms think of crossin the Priest  
Proverbs, God words, nigga I'm talkin' to thee

[Luminati]

Let's reverse the way of the righteousness  
In the midst of a passive justice  
I can establish the everlasting from the beginning  
Before there was ever an Earth  
Blessed is the man who listens to me  
Watching daily at my gates waiting at the posts of my doors  
For who shall revise me for his life and obtains favor from the Lord  
But he who sins against me warrants his own soul  
And all those who hate me love death  
[Killah Priest]  
Telekinesis, I see through dreams  
A conqueror of all world like the Hebrew kings  
I'm David, reincarnated over again  
A gladiator of the universe, a soldier of men  
A warlord across the field, returnin from battle  
With blood upon my shield with an arm full of arrows  
I'm a warrior, elephants kneels as I pass  
Holdin skeletons of the soldiers that I killed in my path  
With the heads of their leaders still in my hands  
Hold it up, lightnin strikes, brightens the night  
Turn my hair whitened like Christ then flash out of sight  
Head back to the cemetery, my job is done  
Volume one, Priest, part two is when God will come  
Read  
[Luminati]  
Choices of wickedness brought me nothing  
But righteousness delivered from death  
The Lord will not soften a soul from righteous to fairest  
For he casts away the substance of the wicked  
[Outro: Luminati]  
That's right, we destroy all ya'll punks  
This is proverbs, Priesthood (Priesthood)
