

At The Top

Killer Mike

I'm sitting at the top I got a bird's eye view
Down town condo purchased by the bird's eye flu
Actually I purchased this with the words I troop
Reminiscence on the days when the bird's eye flew
Bird flew, money got a nigger hot like fever
Life would call bitch but I ain't never trying to leave her
I'ma get them dollars pop bottles and fuck some models
Writer here, the baddest dude, the same shit tomorrow
Hey I try to tell my bitch that I can see the fucking,
Till I'm sitting on the top like, be the,
Got my name jumping out the floor and straight up to the roof
Now I got them hoes jumping out their clothes and in the coop
Then I take them to the condo, rip them all, cut them loose
Tell them see y'all in the morning ladies, I got shit to do
Then it's back to the money and hustling and the,
For business she, she out the motherfucking music

I'm on my bread, they say I'm out my mind instead of,
I prefer, my bitch, how many time just live alone and I beg
Cause I'm only trying to see her at the top
Only trying to see her at the top, only trying to see her at the top
Only trying to see her at the top, only trying to see her at the top
About my, and I'm only trying to see her at the top

Hoes used to laugh saying nigger look like rerun
Now these bitches, rerun
Now them hoes' just lucky to get in and love their rerun
Now I'm shining ball on the field, neon deon
She play her husband like a peon,
Just to get beat on
Tell my partner sleeping, can't believe this shit we on
Cold harded max for the stacks, we pumping free on
Space ain't pinging with that, above it be on

I'm on my bread, they say I'm out my mind instead of,
I prefer, my bitch, how many time just live alone and I beg
Cause I'm only trying to see her at the top
Only trying to see her at the top, only trying to see her at the top
Only trying to see her at the top, only trying to see her at the top
About my, and I'm only trying to see her at the top.
