Killing Heidi

Stumbling along
Looking at nothing
Cos your eyes
Always on your feet
If u ever looked up
You'd see the sun
In the morning
Wonder why things are so bleak

Boring and old
Are the things your told
About the outside world
Just wearing black wont take care of that
Dont be stupid girl

Walking
Always talking
Never listening
You just kick back
How do you handle
All the bullshit
That gets thrown your way

Boring and old are the things youre told
About the outside world
Just wearing black
Wont take care of that
Dont be stupid girl
Oh
Down on your knees
Trying to appease
Somebody's mixed up statement
Cos in not much time
Your beliefs that are lies will be left by the pavement

I've been doing some thinking
About all your preaching and I dont wanna know
Cos thats just conforming
And that is not
What you wanna be

Boring and old are the things your told
About the outside world
Just wearing black wont take care of that dont be stupid girl
Dont be stupid
Down on your knees trying to appease
Somebody's mixed up statement
Cos in not much time
Your beleifes that are lies
Will be left by the pavement
They'll be left by the way
Left by the pavement
Ow oh oh
Oh
Dont be so stupid girl
You really are
Just dressed in black wont take care of that

Dont be
Be so stupid girl
