

Superman Supergirl

Killing Heidi

Superman, supergirl - show me your stuff
Take a bow at the world, The bouquet is hot
Watch out superman, Show me your stuff...

And' if I didn't care
Do you think I'd still be here
Do you really believe
What you feel is what you thieve?
And' there's one more thing...

Superman, supergirl - show me your stuff
Take a bow at the world, The bouquet is hot
Watch out superman, Show me your stuff...

Do you want to fall behind
Cause if that's so I wouldn't mind
Do you want me to fall
Or should I never go?
And there's one more thing...

Superman, supergirl - show me your stuff
Take a bow at the world, The bouquet is hot
Watch out superman, Show me your stuff...

Could you be my, would you see my, would you be my superman
Could you be, could you be, could you be..
Could you be my superman?
