

Complications

Killing Joke

see the sun turn green
from my penthouse window
it's different now
because you got no shelter
alienation
by experimentation
enjoy yourself
this is the new age
complication
lens in the bath
of a new destruction
it's different now
it's what we always wanted
alienation
self-destruct
at the count of ten
complication
see the sun turn green
from my penthouse window
it's different now
because you got no shelter
alienation
enjoy yourself
this is your new age
complication
