

Democracy

Killing Joke

You have a choice, we are your voice
Red, blue or yellow.
We will blow away the green
Another five lane motorway
(You'll never get a referendum anyway)
Funny handshakes. insider dealing
Et in arcadia. arcadia ego
Backhanders and salamanders
A powerhouse that is morally
Mechula

I'm sorry democracy is changing
I'm sorry democracy is changing

I'm not a slogan or a badge
Or a cross in the ballot box
Neither values or objectives
You do not represent my deepest
Thoughts and wishes
Education in obsolete skills
Stereotyping and media projection
Industrial psychologists
Plan a campaign that is financed by
Big business

You have a choice, we are your voice
Red, blue or yellow.
We will blow away the green
Another five lane motorway
(You'll never get a referendum anyway)
