

Implant

Killing Joke

Silent weapons for a quiet war
Under my skin, getting under my skin
All systems go
Security clause, passing of laws
Reality
Silence in the air, silence in the air
Acceptance
Information from birth, animals are first
then man
Silent weapons for a quiet war

Chorus

ID
Not free
For me
You cant
Escape
Implant

Implant to the next step
You don't want to protect

You just want to fucking control

Know my DNA, know my DNA, my structure
Know the movements of my day, know the
movements of my day and haunts
Hypnotise, hypnotise, acclimatise
Fingers in control, fingers in control

Silent weapons for a quiet war

Chorus

Deep below the ground
Deep below the ground
Blasphemies
Deep below the ground
Deep below the ground
Hybrids
Hypnotise
Acclimatise
