

Madness

Killing Joke

Only the righteous kiss those lips
Too much guessing too much "need to believe"
This is madness madness

Why should i suffer when i can't see your eyes?
Whose truth is your truth?
What brain can you pick? what bones?
This is madness

When did living start being a sin?
If this is today - well what the fuck's tomorrow?
Whose fashion is your fashion?
What passion can you buy?
When you know god is dead
And you are god?
This is madness madness
Madness madness
Fucking madness

Only the righteous kiss those lips
Too much guessing too much "need to believe"
This is madness madness

Why should i suffer when i can't see your eyes?
Whose truth is your truth?
What brain can you pick?
This is madness
