

## Tomorrow's World

### Killing Joke

Picture - sent back live  
Picture - the golden age  
Letter - on your doorstep  
Called up - for your country

Never no i don't wanna - no

Horror - don't let me go on  
Mommy - they'll take his pain away  
Carry us - face the music  
Called up - for your country

Never no i don't wanna - no

Take - aim - and - fire
