

## Cut Me Loose

Killswitch Engage

Lost in thought  
Recounting the cost when sanity became askew  
When turning the pages of life concentrated  
On killing the sorrow that tears us in two

A faded memory of what used to be  
The burden and the noose  
Just cut me loose  
Just cut me loose  
It can't be mistaken, the spirit is vacant  
When hope for tomorrow is nowhere in view

Living so close to a weakness  
That continues to keep you held down  
Hear the sound of the voice that is screaming  
What's lost is now found

A faded memory of what used to be (used to be)  
The burden and the noose  
Just cut me loose  
Oh  
Yeah  
Ghosts of the past no longer torment me  
I release the anguish

A faded memory (memory) of what used to be  
The burden and the noose  
Begging you to cut me loose  
The burden and the noose  
Just cut me loose

Cut me, cut me, cut me loose
