

My Curse

Killswitch Engage

I watched you walk away
Hopeless, with nothing to say
I screen my eyes
Hoping to see you again

This is my curse (the longing)
This is my curse (time)
This is my curse (the yearning)
This is my curse

There is love burning to find you
Will you wait for me?
Will you be here?

Your silence haunts me
But I still hunger for you

This is my curse (the wanting)
This is my curse (time)
This is my curse (the needing)

There is love burning to find you
Will you wait for me?

Still I want
And I still I ache
But still I wait
To see you again

Dying, inside, these walls (2x)

Can I see your face in these tears? In these tears
And I see your face...

There is love (8x)
