

Flesh from flesh  
To bring forth this endless quest  
This endless quest

Yearning for something to consume  
A long lost spirit to exhume  
A hunger burns in me  
An all consuming voracity

Flesh from flesh  
(Flesh from flesh)  
To bring forth this endless quest

Staring at your countenance  
To seek beyond impermanence

Lost in translation, misconstrued  
Forgive them all for what they do  
I'm ravenous  
(I'm ravenous)

Ravenous  
In this vision beyond impermanence  
Ravenous  
For an undying truth in all of us

Cut down – deep below the dermis  
Unwound – from the tangle of indoctrination  
Breakdown – the message and the purpose  
Fall down – to my knees in demarcation

I choose a life defined by evolving belief  
A truth undefined is where I will find my peace

This undying desire

Ravenous  
In this vision beyond impermanence  
Ravenous  
For an undying truth in all of us  
Ravenous  
For a new form of consciousness
