The Forgotten

Killswitch Engage

You were once the source Of a pureness that can't be defined And now you curse the day How can you leave your faith behind?

Just look at yourself Do you like what you see? I want no more of you Watch me walk away

This is the last time You are the forgotten You let your dreams die You are the forgotten, yeah

Placed your ego above all But misplaced your innocence

Just look at yourself Do you like what you see? I want no more of you Watch me walk away

This is the last time You are the forgotten You let your dreams die You are the forgotten

What you have given up Will never return again Now you're dead inside I hope it was worth the cost

I hope it was worth the cost I hope it was worth the cost Now you're buried alive

This is the last time

This is the last time You are the forgotten You let your dreams die You are the forgotten
