

# Does It Make You Remember

Kim Carnes

I've heard talk goin's round about you  
They say you've taken up with somebody new  
And they say you're still crazy  
But I'm still crazy about you  
And do you remember

The heart abused of the heart unused  
When it's all said and done  
I know what I'd choose  
So why did you run to her  
Is she just an excuse

To help you remember  
Make you forget  
Does it just bring a tear to your eye  
With the pain and the pleasure  
Do you ever regret  
When you see how love passed you by  
Does it make you remember  
Does it make you remember

I saw your car from my window last night  
You were drivin' real slow  
And I hid from your lights  
Was it bringing you back  
I was hopin' it might

Make you remember  
Make you forget  
Does it just bring a tear to your eye  
With the pain and the pleasure  
Do you ever regret  
When you see how love passed you by

I've heard talk goin's round about you  
They say you've taken up with somebody new  
And they say you're still crazy  
But I'm still crazy about you

Does it make you remember  
Make you forget  
Does it just bring a tear to your eye  
With the pain and the pleasure  
Do you ever regret  
When you see how love passed you by  
Does it make you remember  
Does it make you remember  
Someone is waiting  
Waiting for you  
Someone is waiting for you
