

Don't Pick Up the Phone

Kim Carnes

I have got this friend
She's looking all over town
And she just can't imagine why
She can't find anyone

And when she finds a good boy
She pulls the rope too tight
And then she sends them all out
Screaming in the night

854-7256
Don't pick up the phone
Pick up the phone
Don't pick up the phone

Pick up the phone
Don't let 'em know
That you're home alone

Don't pick up the phone
Pick up the phone
Don't pick up the phone

Pick up the phone
Don't let 'em know
That you're all alone
I have got this friend

She travels 'round the sun
She's just looking for the magic
She's just trying to find someone
And when she finds a good boy

She pulls the rope too tight
And then she sends them all out
Screaming in the night
854-7256

Don't pick up the phone
Pick up the phone
Don't pick up the phone
Pick up the phone

Don't let 'em know
That you're home alone
Don't pick up the phone
Pick up the phone

Don't pick up the phone
Pick up the phone
Don't let 'em know
That you're all alone

I have got this friend
She's looking all over town
And she just can't imagine why
She can't find anyone

Don't pick up the phone

Pick up the phone

Don't pick up the phone

Pick up the phone

Don't let 'em know

That you're home alone

Don't pick up the phone

Pick up the phone

Don't pick up the phone

Pick up the phone

Don't let 'em know

That you're all alone

Don't pick it up just because you're all alone
