

When voices through the thin walls  
Speak of aberrant behavior  
And the videos  
Her only saviour

She turns it on when they're all gone  
The she turns and slips her high heels on  
Shadows fill the room  
And she starts movin'

Voyeur voyeur are ya' hot tonight  
Dance dance dance  
Till it makes ya' feel good  
Voyeur voyeur who ya' got tonight  
Where love is still alive  
It's just locked up inside

Lingerie and loveliness  
Still lookin' for a strange and sweet caress  
Her love life's hot  
But her life's a mess  
Says she's got no minor vices  
And she makes no excuses  
And she concedes  
That she's the one she pleases

Voyeur voyeur are ya' hot tonight  
Dance dance dance  
Till it makes ya' feel good  
Voyeur voyeur who ya' got tonight  
Where love is still alive  
It's just locked up inside

Voyeur voyeur are ya' hot tonight  
Dance dance dance  
Till it makes ya' feel good  
Voyeur voyeur who ya' got tonight  
Where love is still alive  
It's just locked up inside
