

In Vain

Kim-Lian

[verse]

I'm waking up alone again
skies are turning grey.
Morning paper, lemon tea, just another day.
Hear me please, emptiness
won't you go away.

[refrain]

I'm trying so hard to survive the rain.
I'm constantly fighting my fears, my tears in vain.

[verse]

I'm running low on energy
running out of hope.
Losing you was losing me
don't know how to cope.
Hear me please, loneliness,
keep the pain away.

[refrain]

I'm trying so hard....

[bridge]

I'm falling deeper and deeper.
I'm losing and I'm crying your name,
but you don't seem to hear me.

[refrain]

I'm trying so hard...

In vain.
