

Just Do It

Kim-Lian

I know what you think when you're looking at me
I know what your doing in you're fantasy
I call
all hands
on deck boy

I feel what you need
what you're craving for
you're dying from lust and there's just one cure
wait 'till
I say
attack boy
aphrodisiac boy

Refrein:

get it now
right away
no restrain
no delay
get to it
just do it
come and get
what you see
if you want it from me
get to it
just do it

come on
be good
I got a present for you
come on be bad
let me unwrap it for you

I know that your shy and it's turning me on
I hope that you're ready for the marathon
countdown
just you
and me boy

hey
hey
pretty face
what's blocking your shot
you wanna find out if I'm hot or not
hit me
A.S.A.P.
boy

Refrein:

get it now
right away
no restrain
no delay
get to it
just do it

come and get
what you see
if you want it from me
get to it
just do it

come on
be good
I got a present for you
come on be bad
let me unwrap it for you

touch me slowly
and I will be your slave tonight
Kiss me slowly
and I will be your slave tonight
I know what you think when you're looking at me
just do it

Refrein:

get it now
right away
no restrain
no delay
get to it
just do it
come and get
what you see
if you want it from me
get to it
just do it

just do it 4x
