

Cameo Spirit

Kim Mitchell

Cameo spirit...
you reflect in the morning light
like an innocent smile
cameo spirit...
you are quiet and calm
as the women's heart you warm

I'm staring at you cameo spirit

this is when the night moves
for the morning dove
cameo spirit
this is the dalliance of love
cameo spirit...
she's just like you
innocent and wordly charms
cameo spirit...
around her neck
is where I put my arms

I'm staring at you cameo spirit

this is when the night moves
for the morning dove
cameo spirit
this is the dalliance of love
this is when the night moves
for the morning dove
cameo spirit
this is the dalliance of love

I'm staring at you cameo spirit
