

## That's A Man

Kim Mitchell

He's got ??? eyes like burning embers  
He's looking for relief, going faster double-blind  
His reputation is getting loud, yes  
Woah

That's a man  
Well, that's a man  
That's a man  
That's the best part of a man  
That's the best part of a man

You know he's having trouble saying yes to his woman on the tel  
ephone  
'Cause he's got another woman waiting on the other line  
And he sits in public places getting loud, yes  
Woah

That's a man  
Well, that's a man  
That's a man  
That's the best part of a man  
That's the best part of a man

That's a man  
Yeah, that's the best part of a man  
That's a man  
That's the best part of a man  
That's the best  
That's the best part of a man
