

# Personal Hell

Kim Petras

Yeah, yeah

Summer's on, don't feel a thing  
Overthink 'bout everything  
When I think of you, you give me chills  
Yeah, I'm sad but down to fuck  
Want you more, this ain't enough  
When you kiss me, boy, I don't need pills

Baby, come on over to me  
Come set me free  
Baby, come on, got what I need  
Hands all over me, oh

Save me from my personal Hell (Yeah, yeah)  
Break me, break me out of myself (Yeah, yeah)  
Touch me, only your hands make me come alive  
Save me from my personal Hell (Yeah, yeah)

Family says that I need help  
Late at night, I touch myself  
I've been saving all of this for you  
Exorcise my demons, yeah  
Tender love could get me there  
I've been saving all of this for you

Baby, come on over to me  
Come set me free  
Baby, come on, got what I need  
Hands all over me, oh

Save me from my personal Hell (Yeah, yeah)  
Break me, break me out of myself (Yeah, yeah)  
Touch me, only your hands make me come alive  
Save me from my personal Hell (Yeah, yeah)

Woo-ah!  
Baby, baby, love me, hate me, make me feel alive  
Baby, baby, drive me crazy, bring me back to life

Save me from my personal Hell (Yeah, yeah)  
Break me, break me out of myself (Yeah, yeah)  
Touch me, only your hands make me come alive  
Save me from my personal Hell (Yeah, yeah)

Ooh-ah
