

# Didn't I

Kim Richey

Now the deed is done  
And the smoke has cleared  
From the ashes some  
Glimmer of the truth appears

And its a bitter pill  
A little hard to take  
Ill be the first to claim  
My share of the stakes

But the way things stood  
I did the best I could  
Didn't I, didn't I, didn't I  
Try to make amends  
To be a friend  
Didn't I, didn't I, didn't I

Now the windows closed  
Opportunitys fled  
All thats left to do now  
Is look back and shake our heads

And it breaks my heart  
And it makes me mad  
And Ill never know why  
So good went so bad

But the way things stood  
I did the best I could  
Didn't I, didn't I, didn't I  
Try to make amends  
To be a friend  
Didn't I, didn't I, didn't I

Mabye times the only way to find  
Someway back from this

But the way things stood  
I did the best I could  
Didn't I, didn't I, didn't I  
Try to make amends  
To be a friend  
Didn't I, didn't I, didn't I
