

# Don't Let Me Down Easy

Kim Richey

The choice of words don't matter  
The meaning's still the same  
It won't make me feel better  
To hear I'm not to blame  
Someday I'll forgive you  
Maybe then again I won't  
But I take no consolation  
in what the future holds  
Don't let me down easy  
Just let me go  
Don't tell me you'll call me  
When we already know  
This goodbye will last forever  
So let the bad times roll  
But don't let me down easy  
Don't let me down easy  
That's a hard way to go  
I shoulda seen it coming  
I shoulda faced the facts  
The more love that I gave you  
The less love you gave back  
I guess I thought you'd come around  
Yeah, well we all make mistakes  
There ain't nothing good about this  
There ain't nothing left to say  
Don't let me down easy  
Just let me go  
Don't tell me you'll call me  
When we already know  
This goodbye will last forever  
So let the bad times roll  
But don't let me down easy  
Don't let me down easy  
Don't let me down easy  
That's a hard way to go
