

How Did You Know

Kim Sozzi

I'm in a spin, I'm giving in
I'm living in a daydream
When I saw you, your smile shone through
And touched me like a sunbeam
I'm inside out, I'm crazy about
The way you make my heart feel
I'm head over heels, I'm falling more each day

How did you know?
Been waiting to touch you and tell you how I feel
Walking on clouds
I'm spellbound about you, I can't believe you're real
How did you know?
Been thinking about you and dreaming of your kiss
How did you know?
How did you know?

I'm in a spin, I'm giving in
I'm living in a daydream
When I saw you, your smile shone through
And touched me like a sunbeam
I'm inside out, I'm crazy about
The way you make my heart feel
I'm head over heels, I'm falling more each day

How did you know?
Been waiting to touch you and tell you how I feel
Walking on clouds
I'm spellbound about you, I can't believe you're real
How did you know?
Been thinking about you and dreaming of your kiss
How did you know?
Did you know?

I'm in a spin, I'm giving in
I'm in a spin, I'm giving in
I'm in a spin, I'm giving in
I can't believe you're real
I'm in a spin, I'm giving in
I can't believe you're real

How did you know?
Been waiting to touch you and tell you how I feel
Walking on clouds
I'm spellbound about you, I can't believe you're real
How did you know?
Been thinking about you and dreaming of your kiss
How did you know?
Did you know?
How did you know?
Did you know?
How did you know?
