

Stuck In The Middle

Kim Sozzi

I know that you do
You gotta show me that you love like I do
I wanna be with you tonight
Cause love
Do what I do
I know it must be hard to be you
I know you're ready now
But give me some time

Hey I'm stuck in the middle
I'll give you a little
If I flip you a nickel
Will you stop on a dime
Whenever I'm with you
I feel just like you do
You know that I want to
But just not tonight

Day long its 2:30
my eyes are tired and heart is heavy
Don't play with me
I'm on a line
I know it could be easy
The way you're looking makes it hard to be me
Come closer now
Close your eyes

Hey I'm stuck in the middle
Yea, I'm stuck in the middle

Hey I'm stuck in the middle
I'll give you a little
If I flip you a nickel
Will you stop on a dime
Whenever I'm with you
I feel just like you do
You know that I want to
But just not tonight

I'm stuck in the middle
Stuck in the middle
Just for tonight
