

# Love Blonde

Kim Wilde

1. Something's coming down the street. Something static  
under your feet.  
Never looking left or right, 'coz she'll just blow you  
out of sight.
2. She's never waiting on your smile. Devastating, what's in  
her style?  
Situation no-go zone. But she'll cut loose when she's  
alone.

R: She's a Love Blonde. She's a Love Blonde.  
She's a Love Blonde. She's got that sensuality for  
love.

3. When the boys says "How've you been, What're you doing',  
Can we get in?"  
Eyes'll flash and lips will smile. And she'll just tease  
them for a while.

'Coz now you see her, now you don't.  
You could be there, only you won't.  
If you've got that "Savoir Faire".  
Well that girl knows and she's aware.

R: She's a Love Blonde...

Oooh, Well if you fills her dreams tonight.  
Oooh, Just lay back and hold on tight.

R: She's a Love Blonde... (2x)
