

# The Touch

Kim Wilde

Funny what fate can bring you  
And the things that it can do  
Funny how life can change you  
When you least expect it do

I wasn't into anyone  
I danced in a sea of faces  
I wasn't into anything  
But baby you know  
Together we're...

So right  
The touch that I get from you's incredible  
So right  
The touch that I get  
When I look at you

Maybe the touch you give me  
Is the look I get from you  
Maybe the spell it's weaving  
Is the way you feel it too

Maybe you'll stop and walk away  
Don't look at me to follow  
I wouldn't run for anyone  
But baby you know  
Together we're ...

So right  
The touch that I get from you's incredible  
So right  
The touch that I get  
That I get from you

Whatever it is we've got  
Well maybe we could find out more about it  
Baby we'll create this feeling  
Anytime, anytime

I wasn't into anyone  
I danced in a sea of faces  
I wasn't into anything  
But baby you know  
Together we're ...
