

# Any Which Way

Kimberley Locke

When you're down  
And the worse just gets the better of you  
I'll come nothing above you, my love

'Cause I'm on a ride  
And you got me caught up in this landslide  
You make me wanna spread my wings and fly

Oh baby, you make me stronger  
Baby, you make me weak  
Ain't nobody gonna keep you out of my reach

Baby, anywhere you are  
No, it don't matter how far  
I'm going any which way but without you

And if heaven ever falls  
Should I be rich or lose it all  
I'll take it any which way but without you, baby

Don't you know it?  
Ain't no feeling in this world that's better than  
When I'm the skin under your hands

I'll be coming running  
If you just call out my name, I'm ready  
For whatever lies ahead

Oh baby, you make me stronger  
Baby, you make me weak  
But ain't nobody gonna keep you out of my reach

Baby, anywhere you are  
No, it don't matter how far  
I'm going any which way but without you

And if heaven ever falls  
Should I be rich or lose it all  
I'll take it any which way but without you

I wanna show you  
Oh, there ain't no doubt about it  
The faith you give to me

Oh, haven't I told you?  
Maybe you're all I breathe  
I'll be your light when darkness falls  
Make it over any wall

Any which way but without you  
And if heaven ever falls  
Should I be rich or lose it all  
Any which way but without you, baby

Any which way but without you  
Should I be rich or lose it all  
Any which way but without you

Without you, baby, yeah, yeah
