Get Stupid

Kimberly Cole

Stupid, stupid, stupid
Stupid, stupid

I want the bottle to myself
Ain't gonna share with anyone else
So keep on coming
(Coming, coming)

I want to end up on the floor
In the bathroom stall
With my make-up running
(Running, running)

I had a bad week
People keep pissing me off
My boyfriend left me
He even took the dog

Tonight I want to be
Not myself at all
Who's with me

Let's get stupid
I, I, I, I

I want get stupid
And lose my mind

Let's get stupid
For just one ni-ni-night
Is that alri-ri-right

I want get stupid, stupid
Hey-ay, Hey-ay
Let's stupid, stupid, stupid
Hey-ay, Hey-ay
Want to get stupid, stupid, stupid
Hey-ay

For just one ni-ni-night
Is that alri-ri-right
I want get stupid, stupid, stupid, stupid

I'm taking candy from a stranger
Yup I'm ready for some danger
Slip it in my cup and I'm drinking
(Drinking, drinking)

A little self-inflicted pain
Is what helps to keep me sane
Don't give that look
I got my reasons
(I got my reasons)

I had a bad week
People keep pissing me off
He stole my identity

And ran up both my cards

Tonight I want to be
Not myself at all
Who's with me

Let's get stupid
I, I, I, I

I want get stupid
And lose my mind

Let's get stupid
For just one ni-ni-night
Is that alri-ri-right

I want get stupid, stupid
Hey-ay, Hey-ay
Let's stupid, stupid, stupid
Hey-ay, Hey-ay
Want to get stupid, stupid, stupid
Hey-ay

For just one ni-ni-night
Is that alri-ri-right
I want get stupid, stupid, stupid, stupid

It's so hard to breathe
And I keep falling down
But still I feel so free
I thinking of storming in

I just keep coming in
I'm so glad I came
I needed this tonight
I needed this tonight

Stupid, stupid
Stupid
Let's get stupid
Stupid
Let's get stupid, stupid

Let's get stupid
I, I, I, I

I want get stupid
And lose my mind

Let's get stupid
For just one ni-ni-night
Is that alri-ri-right

I want get stupid, stupid
Hey-ay, Hey-ay
Let's stupid, stupid, stupid
Hey-ay, Hey-ay
Want to get stupid, stupid, stupid
Hey-ay

For just one ni-ni-night
Is that alri-ri-right
I want get stupid, stupid, stupid, stupid

```
Stupid, stupid, stupid, stupid, stupid
Stupid, stupid, stupid, stupid, stupid
```
