

Let Me Go

Kimberly Cole

You say I'm no worth it, you say I'm not good enough
Way you trying to hurt me?
Oui say I don't mesure up

Can't you see that I'm starving
Standing by you as you watch me wasting way
You keeping be in yout party
They say thet ...don't fade
Love me or let me go
Distroy me, or make me hold
Is that simple as that either do or you don't
Take me forever or leave me alone
Just love me or let me go ort let me go

Caught in the middle, somehting I can't it's the ...
And this way it ends now
Between rock and hunting days

Can't you see that I'm starving
Standing by you as you watch me wasting way
You keeping be in yout party
They say thet ...don't fade
Took me or let me go
Distroy me, or make me hold
Is that simple as that either do or you don't
Take me forever or leave me alone
Just love me or let me go ort let me go

I have to chose the best or the worst
Is that what you give me
At all that is last, I never feel, the deeper surrendering

Love me or let me go
Love me or let me go
Love me or let me go
cuz I don't wanna hurt no more

Love me or let me go
Love me or let me go
Love me or let me go
cuz I don't wanna hurt no more

Love me or let me go
Distroy me, or make me hold
Is that simple as that either do or you don't
Take me forever or leave me alone
Just love me or let me go ort let me go
