

I Like Bears

Kimya Dawson

There's a bear, a great big bear
Running down the hill
And there are two more bears in the water there
So I rest my head on the windowsill
And they splash, splash, splash
(Splash, Splash Splash)
And It makes me laugh
And they splash, splash, splash
(Splash, Splash, Splash)
Right outside my window

There's a bear, a great big bear
Running down the hill
And there are two more bears in the water there
So I rest my head on the windowsill
And they splash, splash, splash
(Splash, Splash Splash)
And It makes me laugh
And they splash, splash, splash
(Splash, Splash, Splash)
Right outside my window

I like bears
I like bears
I like bears a lot

I like bears
I like bears
I like bears a lot

I like bears
I like bears
I like bears a lot
