

# I Like Giants

Kimya Dawson

When I go for a drive I like to pull off to the side  
Of the road, turn out the lights, get out and look up at the sky  
And I do this to remind me that I'm really, really tiny  
In the grand scheme of things and sometimes this terrifies me

But it's only really scary cause it makes me feel serene  
In a way I never thought I'd be because I've never been  
So grounded, and so humbled, and so one with everything  
I am grounded, I am humbled, I am one with everything

Rock and roll is fun but if you ever hear someone  
Say you are huge, look at the moon, look at the stars, look at the sun  
Look at the ocean and the desert and the mountains and the sky  
Say I am just a speck of dust inside a giant's eye  
I am just a speck of dust inside a giant's eye

When I saw Geneviève I really liked it when she said  
What she said about the giant and the lemmings on the cliff  
She said 'I like giants  
Especially girl giants  
Cause all girls feel too big sometimes  
Regardless of their size'

When I go for a drive I like to pull off to the side  
Of the road and run and jump into the ocean in my clothes  
And I'm smaller than a poppyseed inside a great big bowl  
And the ocean is a giant that can swallow me whole

So I swim for all salvation and I swim to save my soul  
But my soul is just a whisper trapped inside a tornado  
So I flip to my back and I float and I sing  
I am grounded, I am humbled, I am one with everything  
I am grounded, I am humbled, I am one with everything

So I talked to Geneviève and almost cried when she said  
That the giant on the cliff wished that she was dead  
And the lemmings on the cliff wished that they were dead  
So the giant told the lemmings why they ought to live instead

When she thought up all those reasons that they ought to live instead  
It made her reconsider all the sad thoughts in her head  
So thank you Geneviève, cause you take what is in your head  
And you make things that are so beautiful and share them with your friends

We all become important when we realize our goal  
Should be to figure out our role within the context of the whole  
And yeah, rock and roll is fun, but if you ever hear someone  
Say you are huge, look at the moon, look at the stars, look at the sun  
Look at the ocean and the desert and the mountains and the sky

Say I am just a speck of dust inside a giant's eye  
I am just a speck of dust inside a giant's eye  
I am just a speck of dust inside a giant's eye  
And I don't wanna make her cry  
Cause I like giants
