

Little Monster Babies

Kimya Dawson

Little monster babies destroying my town
I built it out of blocks and they knocked it down
I built it back up, they knock it back down
Little monster babies destroying my town

Little monster babies destroying my town

Sleepy little monsters wanna lie down
They're getting very grumpy and they're starting to frown
So hush, everybody, don't make a sound
Sleepy little monsters wanna lie down

Sleepy little monsters wanna lie down
