

## Another Day

Kina Grannis

Boy wakes up to face the facts  
Not a moment to relax  
Another day  
Gets he and his sister both to school  
Riding on another rule  
Another day

Boy is working constantly  
Trying to hold up his family  
Another day  
His selfless acts consume his life  
And yet he goes on without strife  
Another day  
Another day

Come on world  
Throw another battle in my life  
It hurts, but I've learned it makes me stronger  
Come on world  
Give me all you got and I'll pull through  
Love is my fuel  
And I won't be losing that any time soon

Daddy's slowly wearing down  
Boy jumps up to help him around  
Another day  
Momma's body's aching too  
She's been so tired, but she pulls through  
Another day

This life's not fair at all for him  
But still he sacrifices on a whim  
Another day  
Keeps up a smile and peace of mind  
Just hoping for a better time  
Another day  
Another day

Don't waste your tears on what has come  
Or what must be  
Use your efforts for a cause  
And what you'll see  
Is things are better  
When you're stronger and happy
