

## Dear River

Kina Grannis

Holding on dear river to my skin  
Whispering the places you have been  
And I look back upstream

Everybody knows the river comes  
The river goes but you stopped here  
You stopped here for me  
You took my heart in tow  
How could I let you go

I doubt anyone can keep up  
Keep up, keep up  
Keep up, keep up with you  
I doubt anyone can keep up  
Keep up, keep up  
Keep up, keep up with you

Rolling on dear river does it end  
I saw you though the canyon and the bend  
Did you look back for me

I could fight the flow  
And tug of war the undertow  
But I'd never not ever succeed  
So when you're out to sea  
I hope you think of me

I doubt anyone can keep up  
Keep up, keep up  
Keep up, keep up with you  
I doubt anyone can keep up  
Keep up, keep up  
Keep up, keep up with you

Just keep on river gone is my friend  
Just keep on river gone is my  
Just keep on river gone is my friend  
Just keep on river gone is my
