

## Forever Blue

Kina Grannis

When I was a child  
I was heavy hearted  
Knowing all that started to an end  
I dreamt of a day  
No one ever left here  
Cried out to the night to find a way

And it broke my heart  
When I felt the truth  
My father has a father too  
Don't understand how we'll make it through  
Will I be forever blue?

Everyday I've known  
It grows only deeper  
Why can't I not keep her here for good  
So I'll take the waves  
Floating when I'm weaker  
Waiting through the water missing you

And it broke my heart  
When I felt the truth  
My father has a father too  
Don't understand how we'll make it through  
Will I be forever blue?

Play to mother  
We're still fighting  
We're all trying to make it home for you

All my love is yours forever  
Take it with you  
Take it with you

All my love is yours forever  
Take it with you  
Say you'll never go

When I was a child  
I was heavy hearted
