

Maryanne

Kina Grannis

Maryanne
She was a lovely friend
She took you out to dance all night
In the end
I know that Maryanne
And you were meant to say goodbye

Cause you the one for me
The one for me the one
You were the one for me
The one for me the one

Maryanne
I let her in my head
She let me know what I could be
Circumstance
Could never understand
The way she'd seem to set me free

But you the one for me
The one for me the one
You were the one for me
The one for me the one
You were the one for me
The one for me the one
You were the one for me
The one for me the one

Maryanne
Understands
Maryanne
Understands

You were the one for me
The one for me the one
You were the one for me
The one for me the one

Maryanne
She was a lovely friend
She took you out to dance
All night
In the end
I know that Maryanne
And I were meant to say goodbye

Cause you're the one
You're the one

You were the one for me
The one for me the one
You were the one for me
The one for me the one
You were the one for me
The one for me the one
You were the one for me
The one for me the one
