

# Missing You

Kina Grannis

Watch me fall, watch me fall down...  
There's an aching in my skin  
I wanna get out, wanna get out  
Out of mind  
Out of time  
Into you

They say, "People grow, let it go  
Time will heal your bleeding wounds"  
But I don't think it's gonna work out that easy  
I'll be missing you
