

# Never Never

Kina Grannis

Wish I couldn't come  
Wish I would and then I'd crawl to the morning sun  
Wish I'd never never come so far and than I stopped and if I could not and if I fall down  
Would I fall down  
Would we fall down

We liked to say  
We would never come undone  
Breathe it in breath out  
Can you breathe I know I can not now

Wish I hadn't spoke  
Wish I did but I made sense or I did not care  
Wish we'd never never grown so close that we could fall, fallen apart, and if it was lost  
Would I be lost  
Would we be lost

Many nights I've spent replaying the day  
Would you listen to what I have to tell you now you're gone  
And I'm missing it
