The Goldfish Song

Kina Grannis

I feel defeated again
I'm always losing to myself
I tried to build a better me
Shacked a castle and it fell down

I had the right intentions
Sometimes my hope envelopes me
And I can't learn the lesson
Not to send a goldfish to the sea

This matter is mine
Don't worry, I'm fine
This matter is mine
This matter is mine
Don't worry, I'm fine
This matter is mine

I know what you've been thinking
It's too soon to empty my cocoon
This butterfly's not ready
But, wouldn't she know better than you

I'm not gonna give it up
This matter is mine
(I'm not gonna give it up)
Don't worry, I'm fine
This matter is mine
(I'm not gonna give it up)
