

Saffy Nool

King Creosote

You're growing old
You're growing tense
I was past 35
Before my face made much sense
It means nothin'
No
Nothin'
It means nothin'
No
Nothin'

It's too late now
I've answered in love
To ask me not to tell you what the most important thing I found
myself in this month was
She means nothin'
She means nothin'
No
Nothin'
No
She means nothin'

You're growing old
You're growing tense
I was past 35 years of age before my face made that much sense
And it's too late now
I've answered in love
To ask me not to tell you what the most important thing
I found myself in this month was
Well she means nothin'
Nothin'
She means nothin'
Nothin'

Nooo
Nothin'
She means nothin'

You're growing old
You're growing tense
I was past 35 before my face made much sense
It means nothin'
It means nothin'
