

## Three of a Perfect Pair

King Crimson

She is susceptible  
he is impossible  
they have their cross to share  
three of a perfect pair...  
he has his contradicting views  
she has her cyclothymic moods  
they make a study in despair  
three of a perfect pair...

one, one too many  
schizophrenic tendencies  
keeps it complicated  
keeps it aggravated  
and full of this hopelessness  
what a perfect mess...
