

# Daddy

King Diamond

Oh Daddy... I'm so alone, Oh Daddy... come home  
Oh Daddy... I've missed you so  
Oh Daddy... tell me what to do

Daddy don't look at me like that  
I didn't do it... HE did... It was HIM  
I could never... I could never  
I wasn't even there

SOLO: Andy

Daddy tell me what to do... Daddy... No don't no

Oh Daddy, you're fading away  
Oh Daddy, Daddy please stay  
Oh... you're fading away  
Oh Daddy, Daddy please stay

You're going down, you're going down, McKenzie

SOLO: Herb

Sit down you creep, you degenerate son of a sheep

SOLO: Andy

What am I to do you... with you?  
You're going down, you're going down,  
McKENZIE!!!
