Dreams

King Diamond

The witching hour has arrived here too soon I know that all my dreams are inside this room Oh yeah, it's all in this tune

Dreams in the night, falling like rain Dreams in the night, they drive me insane

They cannot wait until I turn off the light When I'm asleep they've got the key to my mind Oh yeah, can't leave them behind

Dreams in the night, falling like rain Dreams in theawight, they drive me insane Dreams in the night.

Yeah, yeah, yeah, give me another dream now

The Spider's Lullaby is all they can sing As they inject thier poison into my brain Oh yeah, they're calling my name

Dreams in the night, falling like rain Dreams in the night, they drive me insane

Give me another dream now Yeah, yeah, yeah, give me another dream now

Rainbows and waterfalls Little girls are swimming in a pond of gold I'm growing old I'm growing old Sweet blue eyes of innocence Begging me... To follow them to the other side Ah, they're growing horns

Dreams in the night, falling like rain Dreams in the night, they drive me insane Dreams in the night

Let me out of these dreams... dreams... dreams... Let me out of these dreams... dreams... dreams... Let me out of these dreams... dreams... dreams...
