Yesterday as I finished the last of the seven graves I went to call McKenzie I woke him up in the middle of the night You should have heard me... SURPRISE!

Oh revenge is sweet

Up and awake, McKenzie knew that I was still alive And I have to tell you He is the Mayor of this God forsaken town He's Lucy's father, the man that brought me down

He is such a sick little man
He's so much sicker than me, and I am

Meet me at midnight by the cemetery gates

Meet me at midnight or your Lucy will be dead

Revenge is sweet, I know that you agree

SOLO: Andy

Call me sick in the head, but I would never lie to you I worked for the man
Mayor McKenzie is an old perverted swine
I caught him one night, molesting his own little child

Who do you think they all believed?

SOLO: Andy

He is such a sick little man
He's so much sicker than me, and I am

Meet me at midnight by the cemetery gates Meet me at midnight or your Lucy will be dead

McKenzie did you hear me?... No Lucy, she is fine She's sleeping in her coffin Can't wait to meet your face again

SOLO: Herb He is such a sick little man He's so much sicker than me, and I am

Meet me at midnight by the cemetery gates
Meet me at midnight or your Lucy will be dead
