

Up From the Grave

King Diamond

As I look him deep in the eyes... I see only darkness
I must have knocked him out... good
I kind of like that... I must go

Up Up Up from the grave
Up Up Up from the grave
Up Up Up from the grave
Up Up Up from the grave

Here we go again my friend,
deep into my twisted brain
I think I'm losing it again

La-La-La..... I'm digging for Lucy dear
La-La-La..... I've had it up to here

Lucy Lucy I am here, Lucy Lucy don't you fear
I will get you out of there, so you can breathe again
You can't sleep forever... dear
Come to DADDY

Up Up Up from the grave
Up Up Up from the grave
Up Up Up from the grave
Up Up Up from the grave

Here we go again my friend,
deep into my twisted brain
I think I'm losing it again

La-La-La..... Tell me what you see
La-La-La..... Tell me how it makes you feel
When I sing so nice-ly to you Lu-u-cy
